Filed: March 29, 2004

PAPER NO. 5 – AMENDMENT UNDER 37 CFR 1.116

Commissioner for Patents
Alexandria, VA

Sir:

In response to the Office Action dated September 10, 2007, please amend the above-captioned patent application as follows:

RE: 10/813,192, dated 3/29/04

1. In the claims, add the following:

1. A method for tracking an eye, comprising:

1.1. identifying a target point;

1.2. determining a position of the target point;
